Please also join us in welcoming Husky Entertainment, Legends of the Interwebs, and Morris County College as they provide content for our Video Game Room! They'll all be bringing unique equipment, services, and games this year that will significantly enhance the Video Game Room experience. Be sure to come see what's new for yourself!

Her content revolves around a message "We Rise Together" meaning, everyone in all cultures can unite and support causes they believe in. For her, that cause is animal welfare, which plays a big part in her ambitions to grow a following so that she one day open her own animal shelter, and fund her efforts through her anime and gaming inspired content.

## The Clockwork Dolls

*Musical Guest*

The Clockwork Dolls formed in 2007, the concept was simple: theatrical, grand, epic music for folks who dream, and dream big. Hailing from diverse backgrounds, this band of video game nerds, theater geeks, artist rejects, and history buffs took the music scene by storm with their 2009 debut album, *Dramatis Personae*. After garnering a reputation in the steampunk community performing at events such as Steampunk Worlds Fair as well as World Steam Expo, The Clockwork Dolls took a brief foray into history with their WWII album *When Banners Fall*.

Now working on their third studio album *Sleepwalk Chronicles* The Clockwork Dolls hopes to continue their tradition of cinematic style symphonic rock with a mix of electronic music. Our lineup for DerpyCon 2019 features the talent of Julie Zakar, vocalist and lyricist, Sam Lee, multiinstrumentalist and keyboardist, singer and guitarist Robare James Pruyne, and guitarist Sebastian Macaskill.

# AUTOGRAPH POLICY

## Guests and Autograph Policy

We understand that getting autographs from our Guests is a major highlight of the convention for many attendees; not just because it's a fantastic souvenir, but also because it's a chance for that tiny bit of face time with the Guests. However, demand nearly always outweighs supply, especially for extremely popular or extremely rare Guests. In order to give the greatest number of fans the opportunity to meet the Guest we MUST keep the lines moving smoothly. DerpyCon's official scheduled autographing sessions are governed by the following rules:

- DerpyCon cannot and does not guarantee that you will receive an autograph from any particular Guest. Individual Guests may participate in private or industry-sponsored appearances in the exhibitors hall and there may be fees or purchases associated with those sessions. For-fee or purchase-required autograph sessions must always take place in the Autograph Designated Area.
- Guests will always be glad to sign your DerpyCon program book as well as any official licensed and properly credited products. They absolutely will NOT sign bootleg merchandise and you run the risk of offending them by asking them to do so. Please show them respect and courtesy by asking them to sign only licensed official merchandise. At their (the Guest's) sole discretion they may sign handmade, personal, or otherwise unusual items. If you are uncertain about a particular item, check with a staff member in charge of the session first! DerpyCon staff may veto any item as unsuitable for signing and such decisions are final.
- Unless a specific limit is posted for a particular Guest, assume that you are limited to TWO ITEMS PER PERSON.
- There will be no photography of any kind during the official signing, unless otherwise noted.
- There will be no photo ops during official signing sessions unless otherwise noted.
- Do not monopolize the Guest's time if there are others waiting. Assume that whatever you have to say must be said in 30 seconds or less, while the Guest is signing your item.
- Do not request excessive personalization, sketches, etc. unless the Guest offers.
- If you are bringing an item for the Guest to sign, please have it ready for signing when you are within sight of the Guest. If you brought CDs or DVDs, you should remove the cover insert to save time. For unusual items, please ask the autograph staff for their recommendations so as to keep the line flowing.
- Policies for specific Guests may differ. Please ask a member of our Staff if you have any questions.

One day, while playing the online game Elder Tales, 30,000 players suddenly find themselves trapped in another world. There, eight-year veteran gamer Shiroe also gets left behind. The trapped players are still alive, but they remain in combat with the monsters. The players don't understand what has happened to them, and they flee to Akiba, the largest city in Tokyo, where they are thrown into chaos. Once proud of his loner lifestyle, Shiroe forms a guild called Log Horizon with his old friend Naotsugu, female assassin Akatsuki and others.

## Love, Chunibyo & Other Delusions

Yuta Togashi has a problem. He used to be a "chunibyo," one of the thousands of Japanese students so desperate to stand out that they've literally convinced themselves that they have secret knowledge and hidden powers. But now that he's starting high school, he's determined to put aside his delusions and face life head on. The trouble is Rikka Takanashi, his upstairs neighbor, is just a little bit delusional herself. And she knows all about his past indiscretions.

## New Game!

After graduating high school, Suzukaze Aoba joins Eagle Jump, the game company that developed Fairies Story, the game she obsessed over as a kid. On her first day as a working member of society, Aoba heads to work swaying in a packed, morning rush hour train. She manages to get to the office building all right but hesitates, wondering if it was really okay for her to take that last step and go inside. That's when a senior member of staff, Toyama Rin, shows up at work and safely leads Aoba inside the offices of Eagle Jump.

## Night of the Living Dead (1968) [18+]

The dead come back to life and eat the living. Several people barricade themselves inside a rural house in an attempt to survive the night. Outside are hordes of relentless, shambling zombies who can only be killed by a blow to the head.

## Of Dice And Men [18+]

Few dungeon masters can make the game come to life better than John Francis. Dwarves, Mages and Barbarians jump right off of their character sheets whenever he sits down at the gaming table of frisky suburbanite parents, Linda and Brandon. John Francis' best friends, sailor-mouthed John Alex and thoughtful jock Jason, bring roguish swagger and knightly nobility to the game. And the object of John Francis' affection, the feisty Tara, provides all the Half Elven Double Princess backstory they could ever need. But when Jason enlists to go to Iraq and with the relationship with Tara going nowhere, it may be time for John Francis to hang up his twenty sided dice and take a job on the other side of the country. However, John Francis is about to discover that leaving will prove tougher than any dungeon. OF DICE AND MEN is a blisteringly funny and deeply affecting look at the things that truly matter in life.

## A Place Further Than the Universe

Scenery that we have never seen. Sounds that we have never heard. Scent that we have never smelled. Food that we have never tasted. And the surge of emotion that we have never experienced. This is the expedition of recollecting the pieces torn apart and sensation left alone. When we reach that place, what will we think? Howling, 40 degree angle. Raging, 50 degree angle. Shouting, 60 degree angle. A wilderness beyond the heavy sea. The furthest south, far from civilization. At the top of the Earth. We will find lights through the girls' eyes to live tomorrow.

## Record of Grancrest War - "The Holy Grail"

After the Mage Academy declares war, the Pope brands Theo as a heretic, and declares a Holy War against the Imperial Army. Now, innocent followers of the Order block Theo's path to Eramu.

## RWBY

The future-fantasy world of Remnant is filled with ravenous monsters, treacherous terrain, and more villains than you can shake a sniper scythe at. Fortunately, Beacon Academy is training Huntsmen and Huntresses to battle the evils of the world, and Ruby, Weiss, Blake, and Yang are ready for their first day of class.

## The Sacred Blacksmith - "Knight"

Cecily's inexperience as a Knight Guard places her in constant jeopardy, and her weak, heirloom sword doesn't help. Thankfully, Luke keeps appearing to rescue her with his special katana.

The Vampire Bat (1933) When corpses drained of blood begin to show up in a European village, town elders suspect a vampire on the loose. Policeman Karl Brettschneider (Melvyn Douglas) doubts the existence of vampires, but Dr. Otto von Niemann (Lionel Atwill) argues to the contrary. Fingers point at the village idiot, Herman Gleib (Dwight Frye), but after local vigilantes get him out of the picture, the killings continue. Brettschneider then tries to keep a cool head as he searches for possibly supernatural answers.

## Shakugan No Shana - "The End to Everything, the Beginning of One Thing"

One day after school, Yuji Sakai is thrust into a battle between two Rinne and a Flame Haze of the Crimson Realm. After the battle, he discovers that he is already dead.

## SHIROBAKO

In a school in northeastern Japan, five friends in the animation club, Aoi, Ema, Shizuka, Misa, and Midori swear to complete a new anime called "Shinbutsu Konkou SHICHIFUKUJIN" with some donuts. Since then, day after day, the five spend all of their time on anime production. The awe of going from rough sketches to animation, and the awkward acting in the after recording session... The final product was finished at the cultural fair six months later. After they graduated they still pursued animation and swore on some donuts that they would make another anime together.

After growing up in an average family, he began to encounter clubs and training the likes of which he had never seen before.
